To Advertisers.

The ADVERTISER is the oldest newspaper in North Mississippi, it has a large and increasing circulation in Tippah, and a limited circulation in all the surrounding counties, and we would therefore suggest to business men, that its columns would be a good medium through which to make their business known.

These of our friends who are in arrears for subscription, advertising, etc., are cordially invited to give us a call, provided they have any loose change about them. A word to the wise is sufficient.

GREAT COMBINATION.

The RIPLEY ADVERTISER and DEMOREST'S ILLUSTRATED MONTHLY MAGAZINE. Both publications, one year, for Three Dollars.

DEMESTOR'S MONTHLY is justly entitled the World's Model Magazine. The largest in form, the largest in circulation and the best Two Dollar Family Magazine issued. 1883 will be the nineteenth year of its publication; it is now improved so extensively as to place it in the front rank of Family Periodicals, and equal to any magazine. It contains 64 pages, large quarto, 8½ x 11 and a half inches, elegantly printed on tinted paper, fully illustrated, each number having steel engravings, oil etchings, or art subjects published by W. Jennings' Demestor, New York, and by special agreement combined with the ADVERTISER at Three Dollars per year.

Send your orders for job work to the ADVERTISER office.

Demestor's Monthly Magazine presents a grand combination of the entertaining, the useful and beautiful, with stories, essays, poems, fashions, family matters, art critiques, lovely oil pictures, steel engravings, and other art features.

Send twenty cents for a specimen copy, or subscribe six months for ONE DOLLAR.

The Memphis Appeal for 1883.

The APPEAL has just entered upon the forty-third year of its existence. During the year 1883 it will maintain all its honorable traditions by the adoption of every improvement which progress can invent or suggest. It will be the constant aim of the management to make it a complete newspaper and the reliable exponent of a liberal public opinion. With this object in view, it will print all the news of the day, promptly and as fully as its large and increasing facilities will permit. While keeping our readers intelligent upon all the political questions of the time, we shall continue to devote a large share of our space to agricultural, educational, religious, scientific, literary, industrial, and commercial matters. Political parties are likely to be recognized upon new issues as national politics are assuming new phases. This will give additional interest to all well-conducted newspapers until the next Presidential election. Every good citizen should keep himself abreast of the current politics of the day; for that reason the price of the APPEAL is placed within the reach of even the poorest. The history of the APPEAL for the past forty-two years has been the history of Southern thought, Southern politics, Southern industry, and its future will be the same.
